Purdue University - International Programs in Agriculture

International Undergraduate Exchange Student General Information Regarding the Application Process

Application Deadlines

The deadlines by which the International Programs in Agriculture (IPIA) Office must receive your students' applications are **October 1** (spring semester/calendar year applicants) and **March 15** (fall semester/academic year applicants).

English Language Ability

The exchange program coordinator's signature on the Exchange Student Application Form certifies that this student is qualified both academically and linguistically, to participate in the exchange program. Although students are not required to take English courses while at Purdue, they may do so if they choose.

Immigration Documents

The student's US immigration document (DS-2019) will be prepared after the exchange application has been processed. Typically this takes 2-4 weeks. The immigration document and a general information packet will be sent directly to the exchange program coordinator, who will forward it to the student. The packet will include information about the international student orientation, health insurance, Purdue University, and an arrival and pick-up form. If a student withdraws from participation on the exchange program after the immigration document has been issued, it must be returned to the IPIA Office.

Registering for Classes

Once the exchange application has been processed, the student will be entered into Purdue University's registration system. Each student will be assigned an academic advisor who will contact them to register for their classes. Students may take courses numbered in the 100-500 range while at Purdue.

Tuition and Fees

Tuition and fees are waived in accordance with the exchange agreement between Purdue and the partner institution.

Room and Board

The application for the university housing at Purdue is online at <http://www.housing.purdue.edu/>. A student can apply when they have received their Purdue identification number. The Purdue ID number will be sent to the student through an email. Students are expected to pay room and board for the duration of their stay, including holiday breaks. Costs vary by residence hall and meal plan option. A **non-refundable** \$100 housing deposit required is due at the time of application. Other accommodation options are also available.

Additional Expenses

Students will be responsible for additional expenses incurred during their stay at Purdue. The additional expenses include books which can be estimated at \$500-800 a semester.

Official transcripts

Upon completion of the student's exchange period at Purdue, the IPIA Office will send an official transcript to the exchange program coordinator at the student's home university.
